## ACCIDENTS HAPPEN

Did you know that when your vehicle is involved in an accident, it's trade-in value could decrease up to 30%? Even if damage is properly repaired or the accident was through no fault of your own, the potential loss in value can be significant. Protect yourself and your budget from potentially diminished value of your vehicle with a Value Protect Service Contract.

With various benefit level options, Value Protect is coverage designed to maintain the trade-in value of your vehicle, ensuring your investment is sound from first mile to last.
