

ELECTRIC VEHICLE SERVICE CONTRACT

COMPREHENSIVE SPECIALTY PROTECTION FOR ELECTRIC VEHICLES

Electric vehicles have thousands fewer parts than traditional combustion engine vehicles, but those components are more complex and specialized. When a breakdown occurs, the costs can be significant.

To avoid the expense of unexpected and costly repairs, extended coverage that goes beyond your manufacturer's warranty is a wise investment. With eVSC, protection ranges from brakes to transmission, including hybrid/electrical vehicle components, and extends coverage of your EV battery up to 150,000 miles.

Also included at no additional cost: A powerful Level 2 EV charger, professionally installed at your home, giving you the freedom to charge in less than half the time needed by a standard Level 1 charger. Power and peace of mind in one affordable package!

WHY ADD EVSC COVERAGE?

Electric vehicles offer unique money-saving and environment-positive benefits. They also require unique care and protection.

Our extended service contracts encompass all integral components to ensure that your EV will have outstanding protection from mile one. Comprehensive inclusionary coverage means protection against the mechanical breakdown of all major systems and components including:

- Hybrid driveline
- Drivetrain
- Hybrid/electric vehicle components
- Gaskets
- Cooling systems
- Brakes
- Steering
- Suspension

...And more!

(See contract for exclusions.)

What truly sets **eVSC** apart is the all-inclusive package delivered with every Electric Vehicle Service Contract:

- Comprehensive service contract
- Powerful Level 2 home charger
 - Up to 7x faster charge than Level 1
 - Full charge in 3-7 hours (vs. 20+ hours)
 - Adds approx. 25 miles of Range Per Hour (vs. approx. 4 miles)
- Professional charger installation
- eVSC Welcome Package
